KEYNOTE SESSION

Full Practice Authority Framing: The Business Case and The Health Equity Position

Winifred Quinn, PhD, FAANP(H), FAAN(H)

Winifred Quinn's passion is to help older adults thrive and live with dignity and to support their families in achieving peace of mind. Winifred puts her passion into action by improving policies that allow people to choose where to live, who to get care from, how to obtain this care, and how to have fun. Winifred is leading the telehealth policy work for AARP's think-and-do tank, the Public Policy Institute (PPI). Winifred also supports an AARP innovations group in developing AARP's virtual reality products for family caregivers. When it comes to workforce, Winifred is a proud nurse champion. She co-directs a national campaign that seeks to improve health and health care through nursing, the Future of Nursing: Campaign for Action. Her team supports "action coalitions" in each state and the District of Columbia that work to implement Institute of Medicine's recommendations made in a 2011 report, Future of Nursing: Leading Change, Advancing Health. Winifred leads the campaign's work to ensure a more diverse nursing workforce, nursing school faculty, and nurse leadership.

Winifred initiated a national coalition that led to Medicare funding graduate-level nursing education for the first time. She leads state-level policy work that has helped modernize laws in more than 20 states improving millions of people's access to care provided by nurses. In this role, she places a strong emphasis on coalition building. Winifred is an alumna of Union County College and Douglass College, Rutgers University. She received her PhD in health communication from Rutgers University School of Communication and Information. Winifred's public policy and innovations work began as a family caregiver for her parents. In 2018 the American Association of Nurse Practitioners inducted Winifred as an honorary fellow. In 2021 the American Academy of Medicine inducted Winifred as an honorary fellow.

HIGHLIGHTED SESSION

Resiliency Across Roles and Settings

Maria Shirey, PhD, MBA, RN, NEA-BC, ANEF, FACHE, FAAN

Dr. Maria Shirey is an internationally recognized expert in nursing leadership and management. Her research focuses on studying nurse manager work complexity to better understand and influence authentic leadership practices. Dr. Shirey's research identifies structures and processes required to maximize outcomes associated with nursing leadership. She teaches leadership, management, health policy, and scholarly writing in the DNP program. A prolific author and editor, Dr. Shirey is a mentor to developing authors. Dr. Shirey holds a

PhD degree in nursing administration, from Indiana University System: Indiana University/Purdue University at Indianapolis, an MBA degree in business administration, management, and operations from Tulane University, a master of science degree in nursing administration from Texas Women's University, and a bachelor of science degree in registered nursing from Florida State University.

Registration Open

8:00 am – 4:30 pm
Pre-Conference Workshop (7.5 CH)

010 Gerontological Specialist Certification Exam Review Workshop

Megan Pratt, APRN, FNP-BC, GS-C; Geraldine Kanne, MSN, ANP-C, GS-C; Myla Magno, DNP, RN, GNP-BC, PMHNP-BC

The APRN specialty certification in gerontology – the APRN gerontological specialist-certified (GS-C) – distinguishes APRNs who possess expert knowledge, experience, and skill in managing the complex needs of older adults. This session will focus on reviewing material covered on the certification examination. Teaching strategies will include presentations, case studies, and interactive discussion based on the 12 proficiencies for the APRN gerontological specialist.

8:00 am – 11:30 am
Pre-Conference Workshop (3.0 CH)

020 Suturing Workshop

Bryan Combs, PhD, CRNP, FNP-BC, ONP-C, CNL; Tracie White, DNP, CRNP, ACNP-BC, CNOR, CRNFA

Many advanced providers receive limited exposure to suturing in clinical practice which can lead to decreased confidence and ability. This workshop will refresh advanced practice nurse (APN) knowledge of proper aseptic, anesthetic, and suturing techniques while offering a safe environment to practice. Workshop instructors will provide didactic content as well as demonstrate proper suturing techniques and observe attendees as they practice and provide guidance and feedback when needed.

This workshop is limited to 30 participants.

12:00 pm – 5:00 pm
Pre-Conference Workshop (4.5 CH) – **R**

030 Pharmacology Workshop: Part 1 – Psychiatric Medication Update & Part 2 – New Treatments for COVID-19

Dr. Elhaum Khobahy, PharmD

This workshop will address current treatment protocols for mental health disorders and COVID-19 in the older adult population. Discussion will include available and effective treatment options, the mechanism of action, potential advantages and disadvantages to treatment protocols, and application of pharmacological principles into clinical decision-making.

12:30 pm (tee time)
GAPNA Foundation Golf Outing (Off-Site)

5:15 pm – 6:30 pm

8:15 am – 9:15 am

Keynote Address (1.0 CH)

120 Full Practice Authority Framing: The Business Case and The Health Equity Position – 

Winifred Quinn, PhD, FAANP(H), FAAN(H)

Dr. Quinn will describe using messaging perspectives to persuade decision-makers about full practice authority for advanced practice registered nurses. Focusing on the needs of patients and families, Dr. Quinn will describe using a free market case for conservative audiences and a health equity perspective for liberal decision-makers.

9:15 am – 10:45 am

Grand Opening Exhibit Hall/Poster Viewing/Coffee Break/Raffle Basket Auction

10:45 am – 12:15 pm

Highlighted Session (1.5 CH)

130 Resiliency Across Roles and Settings – 

Maria Shirey, PhD, MBA, RN, NEA-BC, ANEF, FACHE, FAAN

The ability to be flexible and adaptive is necessary to function and operate in a practice environment with increasing demands and changing priorities. This session will explore strategies for developing resiliency to decrease stress and increase personal and environmental well-being across practice settings.

12:30 pm – 1:30 pm

Industry-Supported Presentation Theater(s)

Seating is limited. Presentation theater and lunch will be provided if industry support is received.

1:40 pm – 2:40 pm

Concurrent Sessions (1.0 CH)

141 Pulmonary Hypertension – R, AC, 

Melissa Kramps, DNP, GNP-BC, NP-C

This session will address the evaluation and management of pulmonary hypertension as a unique disease state in the older adult population. Discussion will include the difference between pulmonary arterial hypertension and pulmonary hypertension from secondary causes, appropriate diagnostic tests to work up pulmonary hypertension, and the principles of pharmacologic treatment of pulmonary hypertension and associated challenges.

142 Non-Infectious Systemic Inflammatory Response in the Elderly – R

Christine Collins, DNP, FNP-BC, APRN

This session will address how nurse practitioners are uniquely positioned to identify a systemic inflammatory response syndrome (SIRS) response, coordinate appropriate care, and improve outcomes.

Conference Program

143 Mandatory Nursing Home Closure Impact on Resident Psychiatric Medication Usage

Natalie Baker, DNP, CRNP, CNE, GS-C, FAANP, FAAN; Kala Blakely, DNP, CRNP, NP-C, CNE, FAANP; Bethany Gilbert, DNP

We will discuss the impact on social isolation and loneliness created by the CMS-mandated nursing home closure due to the COVID-19 pandemic.

2:50 pm – 3:50 pm

Concurrent Sessions (1.0 CH)

151 Long-Term COVID – R, AC

Kristine Anne Scordo, PhD, ACNP, ACNP, FAANP

This session will address the issues related to post-COVID older adult patients, including the theoretical pathophysiology, symptoms, and latest research in symptom management.

152 Recognition and Management of Acute Gastrointestinal Diseases and Disorders Presenting in the Older Adult – R

Anna Boone, PhD, ANP-BC

This session will discuss signs and symptoms of acute gastrointestinal diseases in the older adult and appropriate treatment therapies according to guidelines.

153 Assessment of the Older Adult Driver in the Primary Care Setting –

Kanah Lawallen, DNP, AGPCNP-BC, GNP-BC; Jennifer Kim, DNP, GNP-BC, GS-C

This session will discuss older adult patients who need to be screened for fitness to drive, coach patients in planning for the time they can no longer drive safely, and the performing of office-based screening and evaluation for driving safety. This presentation will also include discussion of best practices for conducting difficult conversations with patients and their caregivers about driving alternatives and safety.

4:00 pm – 5:00 pm

Concurrent Sessions (1.0 CH)

161 The Stages of ARDS – AC,

Deanna Adams, APRN, FNP-C, GS-C, AGACNP-BC

Acute respiratory distress syndrome (ARDS) is associated with increased morbidity and mortality in the elderly population (≥ 65 years of age). This session will discuss the stages of ARDS, the development of an evidence-based treatment for ARDS, and ways to prevent ARDS in older adult patients.

162 Better Brain? Dementia Prevention? Keys to Reducing Risk of Cognitive Decline

Cindy Nissen, MSN, APN, CWCN

This session will review current evidence that suggests a reduced risk for cognitive decline when specific interventions related to the six key areas are embraced. Creating individualized brain health care plans utilizing state-of-the-science strategies is the session's learning objective.

163 Engaging Techniques to Integrate Social Determinants of Health Learning Activities into Practice and Academia

Kala Blakely, DNP, CRNP, NP-C, CNE, FAANP; Amanda Peacock, DNP, AGPCNP-C; Sara McCumber, DNP, RN, CNP, CNS

Social determinants of health (SDH) have a significant impact on the health and well-being of older adults. This session will use engaging techniques to integrate SDH learning activities into clinical practice and academic curriculum.

5:00 pm – 6:30 pm

Industry-Supported Presentation Theater(s)

Seating is limited. Presentation theater and lunch will be provided if industry support is received.

1:15 pm – 2:15 pm
Concurrent Sessions (1.0 CH)
231 Primary to Acute Care Atrial Fibrillation – R, AC

Kristine Anne Scordo, PhD, ACNP, ACNP, FAANP

This session will discuss updates to the clinical guidelines for managing atrial fibrillation in older adult patients, from primary to acute care. Focus will include the growing incidence and importance of atrial fibrillation in the population; pharmacologic options for management, including the use of anticoagulation for stroke prevention; and non-pharmacologic options for treating atrial fibrillation.

232 Movement Disorders – R, 
Patti Parker, PhD, APRN, CNS, AGNP-BC, GS-C

This session will discuss typical and atypical presentations and treatments for common movement disorders in the older adult patient.

233 What Matters? Lessons Learned by Advanced Practice Hospice and Palliative Care Nurses

Annemarie Dowling-Castronovo, PhD, GNP-BC, ACHPN; Stacey Chapman, MSN, ANP-BC; Amy Imes, MSN, GNP-BC

In order for nurse practitioners to learn what matters, they need to understand the complexities of having different conversations with older adults. Members of the GAPNA Hospice and Palliative Care Special Interest Group will present cases across the continuum of healthcare to illustrate how NPs conduct these conversations. Cases will illustrate how resources from the Hospice and Palliative Care Nurse Association and the Center to Advance Palliative Care contribute to evidence-based practice.

Conference Program

Anthony J. Jannetti, Inc. is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation.

Anthony J. Jannetti, Inc. is a provider approved by the California Board of Registered Nursing, Provider Number CEP 5387.

GAPNA urges participants to be aware of the CNE requirements for relicensure in the states in which they hold a license.

Exhibits

Representatives from a variety of leading companies and organizations will be on hand to answer your questions and demonstrate their products. You will learn about the latest products and services for gerontological advanced practice nurses.

Industry-Supported Presentation Theaters

An Industry-Supported Presentation Theater is a dedicated time for industry representatives to host a session that provides information on a specific product or service of interest to NPs working in the specialty of gerontology. Since these sessions may be promotional and are specific to a certain product, no contact hours are available for these sessions.

Guest Registration

Guest registration includes admittance to the exhibit hall on Thursday (9/15) and Friday (9/16) or the Awards Luncheon on Saturday (9/17) for an additional fee(s). Guest registration may be arranged by written request to GAPNA@gapna.org.

Payment Policy

Registrations will not be processed unless full payment is received with the registration form. If a check is returned by the bank for insufficient funds or credit cards denied, full payment must be received by cashier's check or money order with an additional \$15 processing fee.

Cancellation Policy

Cancellations must be received by written notice to the GAPNA National Office by August 4, 2022. Review GAPNA's cancellation policy at the Annual Conference Hub at GAPNA.org.
